

Weyerhaeuser Wentworth, Georgia

The Port Wentworth Paper Mill in Wentworth, Georgia trusted B&W Energy Services to provide Engineered Steam Blow Services at the facility following their turbine replacement project in early 2017.

This is one of the latest projects completed for Weyerhaeuser, who has come to rely on B&W's experience and consistent performance for pre-commissioning cleaning services as a trusted partner on numerous projects for almost ten years. In addition, this project was a perfect example of B&W Energy Services' diverse experience across all industries. No matter how large or small your project might be, B&W Energy Services has many cleaning methods to complete the project on time and successfully.
